<b>Theme 4: Locally agreed plans to ensure high quality care and support services which accord with the model of good care, set out in Annex A of the DH Transforming Care report , by April 2014</b>			
<b>ACTION</b>		<b>OWNER</b>	<b>RAG rating</b>
1. By April 2014 - to have agreed a joint strategic plan/pathways with both LA's to commission the range of local health, housing and support services to ensure high quality care and support for all children, young people and adults with a learning disability or autism and mental health conditions or behaviour described as challenging.	<b>Update 1<sup>st</sup> July 2013</b> There is currently a workstream associated reviewing all current accommodation provision and will provide a gap analysis by measuring current against the plan of requirement developed in the work of the Transforming Care Operational Group, which will be underpinned by a plan to move from current to required provision.	DG/KE/JV	
2. Commissioners to develop a revised model of specialist health care for people with a LD based on the new LD national specification and design local pathways and challenge poor practice in partnership with both LA's, people with a LD, families and other key stakeholders. <i>NOTE - The NHSCB will also work with ADASS to develop by April 2013 practical resources for commissioners of services for people with learning disabilities, including:</i> • model service specifications; • new NHS contract schedules for specialist learning disability services; • models for rewarding best practice through the NHS Commissioning for Quality and Innovation (CQUIN) framework; and • a joint health and social care self-assessment framework to support local agencies to measure and benchmark progress Note - By Summer 2015 NICE will publish quality standards and clinical guidelines on challenging behaviour and learning disability. By Summer 2016 NICE will publish quality standards and clinical guidelines on mental health and learning disability	<b>Update 1<sup>st</sup> July 2013</b> • following work completion by Workstreams specifically looking at the pathway, accommodation, how the current identified cohort came to be placed OOA, there will be a report prepared identifying what 'gold standard' looks like in Derbyshire County and City for people stepping down from locked rehab this will be submitted to the Strategic Transforming Care Group for appraisal and further action. Within this pathway development the Workstreams will address: <ul style="list-style-type: none"><li>○ the identification of appropriate crisis solution to support packages of care</li><li>○ Will detail capacity in local market to meeting needs of individuals returning to community from locked rehab</li><li>○ identify person centred solutions for housing and support for individuals stepping down from locked rehab</li></ul>	DG/JL	

<p><b>3. Work in partnership with both LA's to establish provider frameworks that enable contracts with a range of suitably qualified local providers who have the right skills and the right ethos to provide care and support to people with complex individuals needs.</b></p>		
<p><b>Update 1<sup>st</sup> July 2013</b></p> <p>Please see notes above – following the identification of person centred solutions for housing and support there will be further work done to establish the right housing and support in the local areas by working with LA's to move towards the identified solutions.</p>		
<p><b>4. Contract monitoring approaches to be agreed and to compliment the developing role of quality checkers</b></p>	DG/JV/KE	
<p><b>Update 1<sup>st</sup> July 2013</b></p> <p>We are currently pursuing the opportunity of developing the role of Quality Checkers through an East Midlands 'Living Local' funded programme; this will be linked to Derbyshire Healthwatch and the Derbyshire Learning Disability Partnership Board.</p> <p><b>5. LD Adult commissioners to work together with CYP commissioners to plan carefully and commission services for the care of young people as they approach adulthood to avoid crises; and commission flexible, community-based local supports.</b></p>	JL/DJ	

#### **Update 1<sup>st</sup> July 2013**

Within in the remit of a workstream dealing with the development of the pathway, there is a specific action to review the current transition protocol and arrangements between CYP and Adult services and if necessary re-design to provide a protocol for implementation that address the issues across city and county and between services.

**6. Health and social care commissioners to investigate and explore the possibility of pooled budgets. The strong presumption will be in favour of pooled budget arrangements with local commissioners offering justification where this is not done. The NHSCB, ADASS and ADCS will promote and facilitate joint commissioning arrangements**

#### **Update 1<sup>st</sup> July 2013**

This issues is being discussed and address through:

- The establishment of Learning Disability Lead Commissioning arrangements – a report setting out recommendations is for lead commissioning arrangements, including pooled budgets, will be taken to the Health & Wellbeing Board Oct/ December 2013.
- Support work/information provided by a workstream through the Transforming Care Operational Group to the Strategy Group to inform the work of the JCB.
