

Derbyshire Health and Wellbeing Board - Terms of Reference

The overarching aim of the Derbyshire Health and Wellbeing Board (HWB) is to provide a joined-up health and care system which is financially sustainable and provides the best care possible.

The Derbyshire HWB will adopt a joint vision for health and care services in Derbyshire and Derby City. A vision has been developed across health and care partners in Derbyshire and Derby City and sets out the principles for working in a joined-up, innovative way which puts people at the centre of everything we do. The vision is attached as an annex to the terms of reference.

As we move forward the HWB will explore opportunities to secure greater devolution of powers and budgets to the county to help us deliver our aims.

1. Core strategic functions of the Derbyshire HWB

1.1 Provide strategic leadership for the Derbyshire health and care system.

- Set the vision for improving the health and wellbeing of the people of Derbyshire;
- Hold organisations and partners to account for progress in delivering this vision;
- Identify and seek to address the big strategic challenges facing health and care now and in the future; and
- Explore opportunities for improving the health and care system in Derbyshire, building on the shared assets of the HWB partners and leveraging additional investment where possible.

1.2 Oversee and direct the development of whole person centred integrated health and care services in the county.

- Provide advice and direction to the transformation programmes in the county;

- Explore opportunities for aligning and joining budgets and resources across the county; and
- Support the delivery of the Better Care Fund Plan.

2. These ambitions will be supported by the following actions:

2.1 Identify and develop a shared understanding of the needs and priorities of local communities in Derbyshire through the development of the Derbyshire Joint Strategic Needs Assessment (JSNA) with the Clinical Commissioning Groups (CCGs). The Board will:

- Ensure the Derbyshire JSNA is reviewed, refreshed and further developed taking into account the latest evidence and data so that it is fit for purpose and reflects the views of local people, users and stakeholders;
- Ensure the JSNA drives the development of the Joint Derbyshire Health and Wellbeing Strategy (HWBS) and influences other key plans and strategies across the county;
- Ensure the County Council, CCGs and other HWB partners demonstrate how the JSNA has driven commissioning decisions.

2.2 Prepare, publish and oversee the HWBS for Derbyshire to ensure that the needs identified in the JSNA are delivered in a planned, coordinated and measured way. The Board will:

- Take account of the health needs, inequalities and risk factors identified in the Derbyshire JSNA along with recommendations set out in the Director of Public Health's Annual Report;
- Develop an agreed set of strategic priorities to focus both collective effort and resources across the county;
- Ensure that plans are in place to deliver the Board's strategic priorities and outcomes;
- Challenge the performance of delivery plans taking action as necessary to support underperformance through the agreement of recovery and improvement plans;
- Receive reports from other strategic groups and partners in the county responsible for delivery; and
- Develop mechanisms to measure, monitor and report improvements in health and wellbeing outcomes ensuring linkages with

performance frameworks for the NHS, public health and local authorities.

2.3 Develop effective mechanisms to communicate, engage and involve local people and stakeholders in Derbyshire to ensure that the work of the Board reflects local needs. The Board will:

- Ensure that appropriate structures and arrangements are in place to ensure the effective engagement and influence of local people and stakeholders;
- Represent Derbyshire in relation to Health and Wellbeing issues across localities and at a sub-regional and national level; and
- Work closely with the Derbyshire HealthWatch ensuring that appropriate engagement and involvement with existing patient and service user involvement groups takes place.

3. Membership

3.1 The Derbyshire HWB is inclusive and will include provider organisations within its membership. The membership will be reviewed regularly and particularly if the statutory role of the HWB changes.

Health and Wellbeing Board Governance

A Derby and Derbyshire approach to all health and care service organisations working as one

All health and care service organisations in Derbyshire want to ensure people stay healthy and independent for as long as possible. We are committed to preventing ill-health and dependency, through self-help, community resilience and a range of inclusive universal services.

When people do want to access our specific health and care services, the way in which they wish to do so is changing. People want to receive support within their own homes for as long as possible, community services to be more accessible, staying overnight in hospital only when absolutely necessary. This is true across all health conditions and for all ages.

People want their health and care to be delivered flexibly and be available during evenings and the weekend.

We know this because the people of Derby City and Derbyshire have shared this with us. Our challenge is to make this happen, to meet the changing health and care needs and to provide more opportunities to help people take more control of their own care.

We have been working together to address the challenges we all face. We are confident that the best way to improve and develop services across Derby City and Derbyshire is to do it together, in a consistent and joined up way.

This is how we will improve health and care services for people in Derby City and Derbyshire. We are committed to working together to develop healthy, independent and resilient communities in which people can flourish.

This approach is shared by us all, and reflects our commitment to work together to meet the needs and expectations of people living in Derby City and Derbyshire.

To do this, we are committed to:

- working with patients, carers, young people and families to enable them to take more control of their own health and care needs.
- working as one big team, across organisations and within communities, to achieve the best outcomes for the people of Derby City and Derbyshire. We will establish a set of shared values, and work together in a consistent and collaborative way.
- people telling their story once. Where possible and appropriate, we will share information and knowledge between us, reduce transfers between services, enhancing people's experience of our services.
- providing care at or close to home where possible. We will work together in an innovative way to develop new models of care, that best meet the needs of the people of Derby City and Derbyshire.
- delivering accessible local services which are of high quality and are able to demonstrate they provide taxpayers with value for money.
