<p>5:0</p>	<p><u>STP and Social Mobility – Michelle Skinner, CEO, SDCVS and The Children’s Agenda and the Place Alliance and how GPs/CCG/ Health might be better represented at Children’s LPG – Jo Finnegan, Place Lead for SD</u></p> <p>(See Handout entitled ‘Discussion paper - LCPs and STP’)</p> <p>JF discussed the Derbyshire Sustainability and Transformation Partnership (STP), better known as Joined Up Care Derbyshire, and how interventions are delivered at Place. STP has clear aims about the future of delivery of health and care in Derby and Derbyshire. See https://joinedupcarederbyshire.co.uk/ for more information. The principle of increasing individuals’ ability to self-care, and enabling more care to be provided in the community (in geographical “places”) is established, in common with the Derbyshire wedge (See handout). Place was established 2 years ago.</p> <p>The original 21 “places” were built on the registered lists of groups of GP practices in largely existing footprints, but it has become clear over time that there were too many such places for larger organisations to engage effectively with; notably county-wide NHS Providers and DCC. With this in mind the STP Place board has recommended the development of “Place Alliance” groups which aggregate up the previous places, which are now more contiguous with the Borough/District council areas. This has since been ratified by the STP Executive Board.</p> <p>Place Alliance group priorities include Derbyshire wide projects – enhanced health in care homes, frailty, falls, continence, delirium and end of life. JF is linking with Vicky Smyth and looking at priorities.</p> <p>PL asked the LCP to share their thoughts on the Place Model and how it might move forward. Please contact Michelle Skinner with your feedback at michelles@sdcv.org.uk. MS will feedback to the chair who wrote the paper.</p> <p>For further information, please contact Michelle Skinner at michelles@sdcv.org.uk or Jo Finnegan at joanne.finnegan1@nhs.net</p>	<p>ALL</p> <p>ALL</p>
